Secretary/Treasurer Report: \$1,903.80, activity -\$231.40 for Field Day food

Repeater Status / Net Report:

70 cm:	inop
2 m link:	inop
6 m:	inop
APRS:	inop

Last week there was only 1 checkin because the net was on simplex. Charlie ran the county ACS net to practice being a backup op. ACS wants outside people trained in case their systems are inop. in an emergency.

Bruce met with Dave Axe and went to the repeater site. At that time they removed the 2-meter link because of a flashing enunciator. Bruce will diagnose the 2-meter link radio. They also discovered that the 440 side was not transmitting- the T/R relays could be heard but now power out.

Snohomish county owns the repeater site near Indes, already has setup for a 440 repeater. David: Accessible year round? Don't know, but if it's the same site as the county's cell system then it is.
