Old Business: Gold Dust Days David, Dave, Bryon, attended in the morning and supported the parade. Charles and Diane attended in the afternoon and Mike and Elaine attended all day. All went well after initial communications checks were completed. A word of note: please ensure you know how to operate your equipment and have the frequencies installed if known in advance☺. "Porky" and "Tator" from RACES were present as was Tim K7TKA. Field Day our club earned 260 points during Field Day with 50 of those points from contacts. Meeting Location The club will continue to meet at the Gold Bar Restaurant for the foreseeable future. There are no suitable meeting locations within the local area at the time and day of our meetings. Banner The club is still working on designing a banner. Dan was unable to obtain information from Cosco on banners , but will do so prior to our next meeting. Also, the design is still not finalized.

New business: Canopy David suggested the club purchase a canopy to be used during club activities. This will provide a stand-alone shelter for use during community events, Field Day etc. , providing some protection for the members and equipment. The club authorized the purchase of a canopy not to exceed \$100. Superintendent David read aloud a letter of introduction from Dan Chaplik, the new superintendent of the Sultan School District expressing his interest in attending one of our meetings to introduce himself and learn more about our organization. David suggested we schedule this and have on hand our public display boards detailing the hobby.
