David brought up information received about the Stanwood May 6th, and Mike and Key March 11th, ham fests as well as the 7OP contest May 6th and 7th. David thought the 7OP would be a good practice for Field Day. Dave suggested perhaps a foxhunt activity that would include our current class would be good instead of the 7OP. The APRS node and repeaters are all in working condition according to Dave.

Good of the Order: Bob mentioned his wife Jo Anne KD7PVX was part of a longitudinal study investigating the effects of a low fat diet and cancer.
