

Sky Valley Amateur Radio Club Minutes
June 17, 2006

Call to Order: 08:31 by John AC7LC

Introductions: David KB7GFL, Bob KE7HOG, Brad KE7EOF, Tom K8TOM, Fred KE7HOD, John AC7LC, Wes KE7EEA, David KE7HOK, Nathan KE7HOJ, Steve KE7HOB, Diane KE6JRP, Charles N6IBI, Mike KC7IFI

Secretary/Treasurer Report: Balance \$442.53 as of May 31, 2006, \$28.00 deposits, .15 interest.

Old Business: John discussed the "Fox" hunt; there were three teams that participated: John and Fred found the "Fox" in 45 minutes, Steve in 75 minutes and Richard & Cherri in about 95 minutes. The "Fox" Brian was located at Tye Lake in the west Monroe area. Tom felt that the "Fox" was an excellent way for students to participate in a meaningful event with club members. RACES was invited to the club's Field Day operation. Tim said that RACES was not going to operate as an organization this year, but members were free to operate with others. Brad reminded us about Night Out Against Crime, August 1st at 6 PM at Lake Tye Park in Monroe. The club will discuss this more next meeting. Brad also brought in CERT information. The club will discuss this at the July meeting if we want to take the training as a club. David gave a report about Field Day location; the City of Gold Bar has had a Port-a-Potty delivered to the park. David will get long tables and chairs from Gold Bar Elementary School. Equipment items will be discussed after today's meeting.

New business: Pat Lyons sent an email to Dave W7AGJ about a collection of Ham Radio and QST magazines and wanted to know if the club was interested in acquiring this collection. There was no interest by club members.

Good of the Order: In the Future: All the knowledge in the world will be contained on a single, tiny silicon chip, which someone will misplace.

Adjournment: 09:01 by John
